

NORTHBRIDGE FC

Commercial, Supporter & Community Operations Report 2024/25

For the year ended 30 June 2025

Bristol, England

Partnerships • Supporters • Membership • Community • Brand

Community • Ambition • Excellence

Fictional internal knowledge-base document. All partners, campaigns, supporter figures and community outcomes are fictional.

1. Commercial, Supporter & Community Executive Summary

Northbridge FC's commercial and supporter operation connects the Club's sporting identity with its revenue strategy, supporter relationships and community responsibilities. The Commercial Director, Sophie Bennett, leads commercial partnerships, sponsorship, licensing and commercial growth, while Nadia Khan leads supporter and community activity.

Commercial income was £72.0 million in 2024/25. The portfolio includes the primary shirt sponsorship, secondary sponsorships, official partnerships, retail and licensing, international commercial activity and matchday-related commercial programs.

The Club's supporter strategy is built around accessibility, communication, membership, ticketing, matchday experience and two-way engagement. Community operations extend that relationship beyond the stadium through local programs in Bristol and the surrounding region.

2024/25 commercial and supporter snapshot

Measure	Northbridge position
Commercial revenue	£72.0m
Matchday revenue	£40.0m
Primary sponsorship	£10.0m annual base / 5 years
Secondary sponsorships	£15.0m aggregate
Official partners	£8.0m aggregate
Retail & licensing	£19.0m combined
International commercial activity	£6.0m
Supporter lead	Nadia Khan
Commercial lead	Sophie Bennett

2. Commercial Organization

Function	Lead	Primary responsibility
Commercial	Sophie Bennett	Commercial strategy and revenue
Partnerships	Commercial Partnerships Director	Sponsorship sales and servicing
Brand	Head of Brand	Club identity and campaigns
Retail	Retail & Licensing Manager	Merchandise and licensing
International	International Growth Manager	Overseas commercial programs
Hospitality	Head of Hospitality	Premium matchday products
Supporters	Nadia Khan	Supporter relations
Membership	Head of Membership	Membership proposition and retention
Community	Community Programmes Manager	Community delivery

Function	Lead	Primary responsibility
Communications	Tom Whitfield	External and internal communications

Commercial activity is coordinated with Finance and Legal. Finance validates financial assumptions and reporting, while Legal reviews material contracts, rights, exclusivity and regulatory matters.

3. Commercial Partnership Portfolio

Portfolio	2024/25 value	Operational purpose
Primary sponsorship	£10.0m annual base	Principal shirt and brand partnership
Secondary sponsorships	£15.0m	Category-specific commercial rights
Official partners	£8.0m	Services, visibility and activation
Retail & licensing	£19.0m	Merchandise and IP monetization
International activity	£6.0m	Overseas commercial growth

The portfolio is intentionally diversified. Northbridge does not rely on a single commercial relationship for all sponsorship income, and Legal maintains a category/exclusivity register to reduce conflicts between partners.

4. Primary Sponsor & Activation

Northbridge's primary shirt sponsorship is a five-year agreement with a fictional global financial-services company. The guaranteed base is £10.0 million per year, with additional performance-related bonuses.

Activation area	Operational responsibility
Shirt branding	Commercial + Kit/Football operations
Digital campaigns	Brand + Communications
Matchday presence	Commercial + Stadium
Hospitality	Hospitality + Partnerships
Player appearances	Commercial + Football operations
Content production	Brand + Communications

Commercial activation must satisfy the rights agreed in the sponsorship contract. The Club therefore coordinates campaign planning with Legal and the relevant football/stadium teams before commitments are made.

5. Supporter Strategy

Nadia Khan leads supporter and community operations. The supporter strategy treats fans as long-term stakeholders rather than only matchday customers.

Supporter area	Operational objective
Ticketing	Reliable access and transparent information
Membership	Retention and year-round engagement

Supporter area	Operational objective
Matchday	Safe, accessible and enjoyable experience
Digital	Timely information and useful content
Feedback	Identify problems and improve services
Accessibility	Remove practical barriers to attendance
Away support	Clear information and coordinated services

Supporter operations work closely with Stadium Operations. Matchday access, complaints, accessibility and incident management are therefore connected across the two operational documents.

6. Membership & Ticketing Operations

Process	Operational flow
Membership sign-up	Digital registration → confirmation → account activation
Ticket purchase	Eligibility → seat selection → payment → digital ticket
Matchday entry	Ticket validation → turnstile → stadium access
Support request	Supporter contact → case record → resolution
Renewal	Engagement review → renewal communication → payment

Membership data and ticketing information are personal data and are managed under the Club's privacy framework. Commercial campaigns are coordinated with Legal and Data Protection where required.

7. Brand & Marketing

The Head of Brand works with Commercial and Communications to maintain a consistent Northbridge identity. Campaigns are designed to connect the Club's sporting story with supporter and commercial objectives.

Campaign type	Example objective
Season launch	Build excitement and membership demand
Match campaigns	Drive attendance and engagement
Sponsor activation	Deliver contracted partner value
Kit launch	Support retail and brand engagement
Community campaign	Highlight local impact
European campaign	Engage new and existing audiences

8. Retail & Licensing

Retail and licensing generated £19.0 million of combined income in 2024/25. Operations include online retail, stadium retail, licensed products and international distribution.

Area	Operational responsibility
Kit / apparel	Product launches and inventory
Online store	Digital merchandising and fulfilment
Stadium store	Matchday retail experience
Licensed products	Partner approval and quality control
International retail	Distribution and territory management

Retail performance is coordinated with Commercial, Finance and Legal. Intellectual-property permissions, product approvals and territory rights are documented through the Club's contracts.

9. Community Operations

Northbridge's community strategy reflects its identity as a Bristol club. Community activity is designed to create social value through participation, education, health, inclusion and access to football.

Programme	Primary objective
Schools Programme	Football participation and educational engagement
Community Coaching	Accessible local football sessions
Women & Girls Programme	Increase participation opportunities
Inclusion Programme	Support underrepresented groups
Health & Wellbeing	Use football to encourage healthier lifestyles
Employability	Skills and career support
Community Matchdays	Bring local groups into the stadium

Community programs are delivered through Club staff, coaches, partners and local organizations. Safeguarding requirements apply to activities involving children and other vulnerable participants.

10. Bristol & Local Stakeholder Engagement

Northbridge positions itself as a Bristol institution and seeks regular engagement with supporters, community organizations, schools, local businesses and civic stakeholders.

Stakeholder	Engagement approach
Supporters	Forums, feedback and membership
Schools	Education and football programs
Community groups	Joint programs and participation
Local businesses	Partnership and networking
Civic stakeholders	Community and stadium coordination
Charities	Social-impact collaboration

11. International Supporter & Commercial Growth

European qualification creates an opportunity to grow Northbridge's international audience while preserving the Club's Bristol identity.

Market activity	Operational focus
Digital content	Localized supporter engagement
International partnerships	Commercial rights and activation
Merchandise	International distribution
Supporter communities	Fan engagement and events
European fixtures	Travel and matchday information

International growth is treated as a long-term relationship strategy. The Club aims to convert one-time international interest into repeat digital, retail and commercial engagement.

12. Supporter Communications

Tom Whitfield's Communications function works with Supporter Services and Commercial to provide accurate, timely and consistent information.

Situation	Communication priority
Fixture information	Date, time, access and travel
Ticketing changes	Clear instructions and alternatives
Stadium disruption	Early, factual updates
Commercial campaign	Brand-consistent activation
Community activity	Local impact and participation
Major incident	Coordinated executive communication

13. Fan Engagement & Feedback

Northbridge uses structured feedback to identify recurring supporter issues rather than treating complaints as isolated customer-service cases.

Feedback source	Use
Supporter contact centre	Resolve individual issues
Membership surveys	Measure satisfaction and retention
Matchday feedback	Improve venue experience
Supporter forums	Discuss strategic issues
Digital engagement	Identify content preferences
Community engagement	Understand local needs

14. Commercial Decision-Making

Commercial opportunity → rights and inventory assessment → audience/value assessment → financial model → Legal review → activation feasibility → executive approval where required → contract execution → activation → performance reporting.

This process prevents the Club from selling rights it cannot deliver and connects commercial income to the operational resources required to fulfil each agreement.

15. Commercial & Supporter KPIs

KPI	2024/25 position / target
Commercial revenue	£72.0m
Matchday revenue	£40.0m

KPI	2024/25 position / target
Retail & licensing	£19.0m
Primary sponsor base	£10.0m
Supporter satisfaction	Tracked through surveys and feedback
Membership retention	Tracked annually
Ticketing reliability	Targeted for high availability
Partner activation delivery	Contractual obligations tracked
Community participation	Program-level reporting

Where a measure is described as tracked rather than given a numeric result, this document intentionally avoids inventing a 2024/25 outcome.

16. Commercial, Supporter & Community Risk Register

Risk	Level	Control
Sponsor rights conflict	Key	Central rights/exclusivity register
Partner under-delivery	Key	Activation tracking
Supporter dissatisfaction	Key	Feedback and service review
Ticketing failure	Key	Technology and contingency planning
Brand/reputation issue	Key	Communications escalation
Community safeguarding issue	Key	Safeguarding controls
Retail inventory risk	Secondary	Demand and inventory planning
International expansion risk	Secondary	Market and partner due diligence

17. Operational Scenarios

Scenario A — Sponsor activation request

Partner request → Commercial checks rights inventory → Brand reviews creative → Football/Stadium checks operational feasibility → Legal checks contractual scope → approval → activation → performance report.

Scenario B — Major supporter complaint

Complaint received → Supporter Services categorizes issue → immediate operational resolution where possible → relevant department investigates → response issued → recurring issue added to service review.

Scenario C — Community event involving children

Programme proposal → safeguarding risk assessment → staff/partner checks → venue/program preparation → delivery → incident reporting if required → outcome review.

Scenario D — International commercial opportunity

Market opportunity → audience/commercial assessment → partner due diligence → rights/territory review → financial model → Legal review → approval → contract → activation.

18. Commercial & Community Outlook

- Grow commercial revenue while protecting the Club's brand and supporter trust.
- Increase sponsor activation quality rather than relying only on rights volume.
- Improve membership retention and year-round supporter engagement.
- Expand retail and international supporter activity following European qualification.
- Increase participation in women's and community programs.
- Strengthen measurement of social impact and supporter satisfaction.

19. General / Operations Analyst Questions

- Who leads Northbridge's commercial operation?
- Who leads supporter and community operations?
- How much commercial revenue did Northbridge generate in 2024/25?

- What are the terms of the primary sponsorship?
- How does Northbridge manage sponsor activation?
- How does the supporter membership process work?
- How does ticketing connect with supporter operations?
- What community programs does Northbridge operate?
- How does Northbridge engage with Bristol?
- How is the Club approaching international growth?
- Who is responsible for supporter communications?
- How does Northbridge collect and use supporter feedback?
- What are the main commercial and supporter risks?
- How does a commercial opportunity move through the Club for approval?
- How are community programs involving children managed?
- What are Northbridge's commercial and community priorities going forward?

Cross-document consistency

This report connects to the Club Operations document through Sophie Bennett, Nadia Khan and Tom Whitfield; to Matchday Operations through stadium, hospitality, ticketing and supporter services; to Football Operations through player appearances and commercial activation; and to the Financial and Legal personas through commercial income and sponsorship contracts.

All partners, campaign outcomes, supporter statistics, community programs and operational records are fictional. The document is designed for realistic entity retrieval, cross-document reasoning and RAG evaluation.
